

## Audition Contract

I understand that by auditioning, I am making a commitment to my fellow cast members and to Mr. Gaudet. I promise to follow through on all my obligations as a performer, and as a member of a team. I understand that this production requires that:

- I may miss no more than 2 rehearsals without a medical note.
- I may miss no more than 3 rehearsals even with medical notes.
- I will come to rehearsals on time, and stay for the entire rehearsal. Coming late or leaving early counts as  $\frac{1}{2}$  missed rehearsal.
- I will always tell the Director when I cannot attend a rehearsal in advance, in writing.
- If I am sick from school and cannot attend a rehearsal, I promise to call the school at 794-8700 and ask the secretary to put a message in the Director's mailbox telling him, by 2:00pm.
- I will maintain good grades. If I earn an "F," more than 2 "D"s, or have a quarter GPA of less than 2.0 at any point during this play, I will need to get my parent's written permission to continue working on this play.
- I will work at home to memorize my lines, and develop my character a minimum of 20 minutes a day on non-rehearsal days.
- I will work as a member as a team. I will be quiet and respectful when other actors are performing. I will never disrespect another cast member's performance.
- I will follow the Director's instructions at all times.
- I will help set up before, and clean up after rehearsals.
- **I must have reliable transportation to and from rehearsals. This transportation will pick me up on time every day. Making the Director wait while my ride arrives will cause me to forfeit my role!**
- I will manage my time and my workload well. If I am having any difficulties, I will ask the Director for help before it becomes a crisis.
- If I earn a part on this cast, I will accept this workload for the entire duration of the play. If cast, I will accept personal responsibility for doing my best work every day, not only for my benefit but for the benefit of the other cast and crew members who will count on me.

I understand that school policy states that, as an after-school program :

- I am not permitted to attend rehearsals if I am suspended from school (either ISS or OSS), until I return to my regularly scheduled classes. I understand that these absences will be results of my choices, and that they will count against my total missed rehearsals.
- I may be absent no more than 6 days in any one class during any quarter, or more than 10 days during any semester.
- I am not permitted to bring food or drink (except water) into rehearsal areas.
- Students are not allowed on campus after hours, except as part of an organized after-school program. I understand that this means that I am not allowed to "roam the school" after rehearsal ends.

I understand that if I do not meet these requirements, I will lose my part. I understand that the kinds of choices I make for this production will very likely affect future auditions for Drama department productions.

I understand that in return, I will get the best efforts of my Director and my fellow cast members in turning our production into a performance that I will be proud to remember for years.

I give my word that I will follow the terms of this contract.
